Below is a list of agenda topics identified by NVT for their meeting with EPA leadership in April. I forwarded HQ the update email I sent yesterday and will be drafting an updated briefing paper as well. Let me know if anyone has anything talking points or messages we want to share with HQ on these topics, preferably by COB Friday Thanks in advance.

Hi Marissa: Below please find the requested agenda. It may make sense to have someone from CEQ present. Perhaps Horst Greczmiel or whoever is most appropriate.

Thank you

Rob
